

Welcome to the New Brunswick Jeep Club! We are a non-profit organization dedicated to all those who own and love Jeeps. We are not a division of Chrysler or any of its dealerships.

We welcome and encourage input from all of our members. Our club tries to be involved in our communities and we promote maintaining the environment. Club events are designed to be family outings that everyone can participate in and all are encouraged to enjoy with us.

As a club member, you are entitled to discounts at select retailers, a club decal, free or discounted admission to club events and access to an abundance of Jeep knowledge through our members, website and Facebook group. All monies collected by the club are put back into it to pay for club expenses, promotions and functions.

Thank you for joining your Jeep club. We hope that you will enjoy the events as much as we do. We look forward to seeing you at a local meet and greet or on the trail (if we haven't already).
